Re: RRG Clayton Chemical Site - General Notice of Potential Liability

Dear Mr. Turner:

We are counsel to Robertson-Ceco Corporation ("Robertson"). I am responding on behalf of Robertson to the General Notice of Potential Liability letter regarding the above-referenced site dated September 27, 2005, which was submitted to the attention of E. A. Roskovensky, and which was signed by Linda Nachowicz of the Emergency Response Branch of your office. We are in receipt of this correspondence and intend to cooperate with the U.S. Environmental Protection Agency; however, at this time, we have no further information regarding the referenced site or Robertson's potential involvement, if any, with the site. Please feel free to contact me, on behalf of Robertson, at the address and telephone number provided below with any further correspondence on this matter.
